A photograph of a group of African buffaloes in a savanna environment. In the foreground, a small, light-brown calf stands facing the camera. Behind it, several adult buffaloes with dark, shaggy coats and large, curved horns are visible. One adult buffalo on the right is looking directly at the camera. The background consists of dense, dry brush and green foliage. The ground is dry and sandy.

A night photograph of a large bushfire. A thick, dark plume of smoke rises from a bright orange fire line that stretches across the horizon. The fire's glow is reflected in a body of water in the foreground. The foreground is mostly dark, with some silhouettes of trees and a few small, distant lights.
